

## Results of Potato in a Bucket 2022

We had 34 successfully grown potatoes – variety ‘Jazzy’. Most people reported that they had enjoyed eating them and a few Jazzy’s even made it to the show bench.

There was a wide range of results, with a 10 fold difference in the harvest 196g to 1972g – a massive 4lb 6oz from a single potato!

Congratulations to those who produced the biggest harvest:

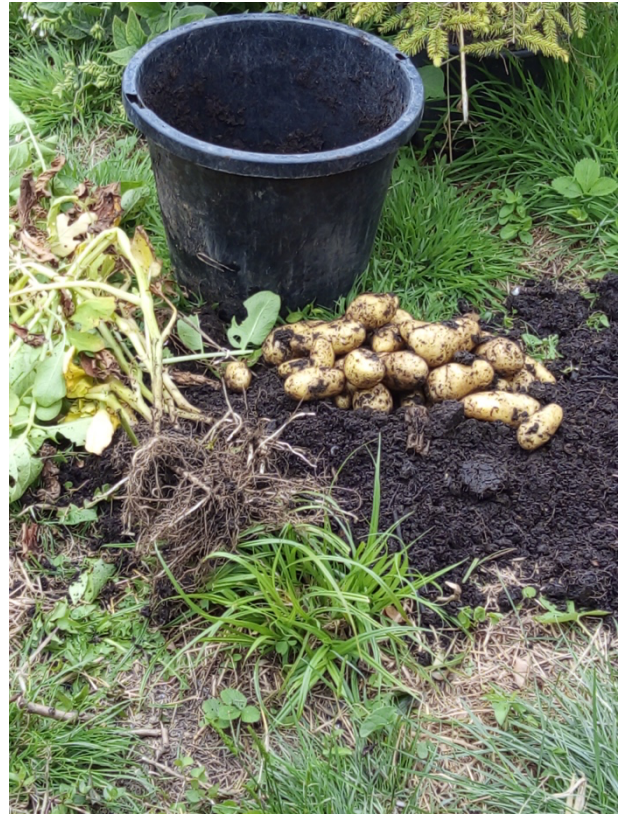

**1<sup>st</sup> place: Chris Buckman – 4lb 6oz**

**2<sup>nd</sup> place: Frank Fensome – 3lb 12oz** (almost identical to his 2020 winning crop)

**3<sup>rd</sup> place: Joanna Medley – 3lb 7oz**
